Transfer to General Reserve	0.00	0.00
Balance carried to Balance Sheet	1,08,185.36	99,780.66

Consolidated Financial Statement :-

As required under SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (SEBI Listing Regulations) and in accordance with the Indian Accounting Standard (Ind-AS) 110, Consolidated Financial Statements (CFS) of the Company form part of the Annual Report and are reflected in the consolidated financial statements of the Company. These statements have been prepared on the basis of audited financial statements received from the subsidiary as approved by their respective Boards.

1. OVERVIEW AND REVIEW OF OPERATION

A review on division wise performance of the company is furnished below: -

Tyre Division

The total income of the Tyre division for the year 2022-23 amounted to Rs.705.68 lakhs compared to Rs. 665.54 lakhs in the previous year. The loss before tax amounted to Rs. (165.04) lakhs as compared to loss of Rs. (94.75) lakhs previous year.

Russia's invasion of Ukraine has created "immense human suffering", but it is also damaging global trade, which will likely impact low-income countries the most. Sharply rising commodity prices have been the most immediate economic impact of the Ukraine conflict, the WTO says. The war also threatens supplies of essential goods from Russia and Ukraine, including food, energy and fertilizers.

Also, due to continued adverse shipping conditions both in terms of lead time & costs exports & imports became expensive which leads to higher input costs and uncompetitive exports. Raw materials prices have grown more than 70% from pre-covid levels which we could not pass entirely to our customers which has affected our bottom line. We are very hopeful that this situation will improve in current financial year.

Sadhurhat division

The unit is engaged in manufacturing MCP Tubeless Tires & Rehab Care Products for domestic market. The unit reported an income for the year 2022-23 amounted to Rs. 1,117.73 lakhs as compared to the previous year Rs. 1,175.49 Lakhs and the unit reported the Profit before tax for the year 2022-23 of Rs. 177.06 lakhs compared with previous year of Rs. 133.97 lakhs.

This unit has further increased its profit margin from last year. Also, we have decreased our topline impressively. We further believe that we can grow higher than industry average. We are very confident for coming years as there are certain bicycle companies & other mobility companies which are showing interest in our product as we can offer our unique product with no competitors in India. We hope to see very positive outcome in coming years.

Wheel division

The total income of this unit for the year 2022-23 amounted to Rs. 796.07 lakhs compared to Rs. 560.60 lakhs in the previous year. The unit reported the profit before tax for the year 2022-23 amounted to Rs. 147.90 lakhs compared to Loss of Rs. (76.80) lakhs in the previous year.

Due to major fire in Tyre Division during previous Financial Year 2021-22 our production has shifted in this unit which took us some to enhance our capacity but due to stagnant export demand profitability is not up to mark. With export as well as demand for other units will pick up we believe to use its capacity at higher level. This is a captive unit which is linked with the sales of other units.

Plastic division

The total income of this unit for the year 2022-23 amounted to Rs. 235.76 lakhs compared to Rs. 317.66 lakhs. The unit reported the profit before tax for the year 2022-23 amounted to Rs. (34.74) lakhs compared to the profit of Rs. 42.90 lakhs.

The unit has maintained the status quo in its performance. It can do much better and we are de bottle necking some process which will help in output with better costs. We believe that it can be used at full capacity from current financial year onwards with better realizations.

Footwear division

The total income of the footwear division for the year 2022-23 amounted to Rs. 32.23 lakhs compared to Rs. 100.89 lakhs in the previous year. The unit reported loss before tax of Rs. (137.29) lakhs during the year compared to loss of Rs. (245.07) lakhs in the previous year.

Due to COVID-19, Russia-Ukraine War and extreme slowdown in Indian footwear industry has suffered badly and it has resulted in losses. Also increase in GST rates demand has affected. We are trying to change the business mix in this unit as and trying to add other polyurethane products to increase our product portfolio.

Engineering division

The total income of this unit for the year 2022-23 amounted to Rs. 1110.34 lakhs compared to Rs. 1647.40 lakhs in the previous year.

The unit posted the loss before tax for the year 2022-23 amounted to Rs. (27.90) lakhs compared to loss of Rs. (54.07) lakhs.

Despite many challenges we had very good growth in topline from last year. We have increased our topline impressively but losses were flat due to further increase in raw material prices abruptly and we could not pass on the increased prices to customers due to cheaper imports and reluctance of customers to buy in high prices. We are very hopeful to deliver growth of 15% CAGR for next 3 years. As per current government policies, they are pushing hard in this segment with focus on "Divyang" for sustained living.

The Indian Rehab Care Equipment Market has accepted the Brand "iCare" which was very encouraging for our company but we need to push on sale further to strengthen our brand value.

Company has always taken a long-term view of this business and the company is also in process to come with more similar products for the disabled persons in the coming year. And the company is also expecting very high demand due to weaker rupee and stronger USD & Chinese Yuan due to which we will be very competitive not only in India but all around the world.

2. DIVIDEND

In order to strengthen the financial position of the company the Board of Directors have decided not to recommend any dividend for the Financial Year ended 31st March, 2023 and plough back the profits of the company in its business.

3. SUBSIDIARIES, JOINT VENTURES OR ASSOCIATES

Company had incorporated a Wholly Owned Subsidiary in the name and style of, Krypton Europe S.R.O., a limited liability Company in the Nádražní 48,514,01, Jilemnice, Czech Republic on 06th November, 2019. The purpose of setting up this entity is to establish a marketing and trading outfit to explore European markets for Rehab Care products.

In accordance with Section 129(3) of the Companies Act, 2013, the consolidated financial statements of the company have been prepared, which forms part of this Annual Report. Further, the report on the performance and financial position of the subsidiary in the prescribed form AOC-1 is annexed as Annexure III to this report.

4. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management Discussion and Analysis Report as required Listing agreement with Stock Exchange: -

A. Industry Structure & Developments: -

Krypton Industries Limited (KIL) had tremendous year and increased its topline as well as bottom line at same time. Despite higher input costs and very difficult market conditions due to our efforts in reductions of costs and increased efficiency we overcome this difficult time effectively.

Company's primary focus is expansion in Indian Markets as well as Exports for all its product line which includes MCP tubeless tires and hospital/disabled support equipment business. Company is also focusing on high end products like hospital beds/ power wheelchairs for disabled persons and to increase its product portfolio. Also, company is aggressively betting for government tenders for Wheelchairs & other support equipment.

We are currently focusing of Rehab care business which has tremendous growth outlook as this industry is in very nascent stage in India. Also, our government are pushing very hard to improve the health care infrastructure in India which we can contribute in very positive way.

B. Outlook and opportunities

Your Company has identified the following opportunities and future building business areas:

The company's major focus is on MCP tubeless tires in bicycle industry and rehab care business which has very promising in future. Primarily, the PU tire for Bicycle, rehab care products and tyres for industrial application will be our main focus this year and years to come for the domestic as well as international market.

With Rehab care / disabled support equipment business, the company is now considered as one of major domestic brand in India with brand name "ICARE" for rehab care products & we have also launched affordable new model of wheelchair in the Brand Name "UDAAN" which was accepted in highly competitive market, with our current product portfolio & brand recognition in market the future looks very promising. With government focus on "Divyang" section of society, huge demand from both government sector as well as from market will come in future. We have been also accredited with certain quality certification which will help company to participate tenders from Defense, NGO's, Hospitals & other government organizations. Company is also continuously making efforts to increase its product portfolio to stay competitive from imports and other emerging players in the segments.

C. Outlook on threats, risk and concern

1. Business Risks:

Company's major product portfolio is MCP tubeless Tires & castor wheels for industrial applications. It faces major competition from rubber tires which is cheaper than our

products in same industry. Also, rubber prices are much stable than polyurethane. Also, our bicycle tyre is new entrant in our portfolio which is still in growing stage and has a huge potential but at the same time it's a completely new product for the market and acceptance will take some time to establish. Our positive side is that life & quality of our product is much more superior than rubber tyres.

In rehab care / Hospital furniture business our company is facing biggest competition from cheap & low-quality Chinese products. Also, further increase in prices in steel & other raw material items will hurt our bottom line in future. Also passing on additional cost is very difficult in this industry. But we are seeing the peak of this commodity cycle and hopefully it will cool down in near future.

Company is normally import Raw Materials and export finished goods during its course of business which exposes it to exchange fluctuation risks and international crude & petrochemicals prices affects the raw material prices.

Also due to higher inflation interest cost are getting higher rapidly which will another dent in our business.

2. Financial Risks:

Majority of raw material are imported, so any major fluctuation in US\$ can affect the performance of the company. Company is trying to leverage this risk by sourcing more from local vendors. Although foreign exchange risks somewhat balanced by exports and company is regularly covering such risk.

The interest cost started rising again and RBI started increasing interest rates. Company is exploring the other means to reduce interest cost.

3. Legal & Statutory Risks

Company is complying regularly with all the regulatory requirements with respect to manufacturing, taxations, statutory requirements, company law, SEBI etc., with new laws coming in, this exercise will need more inputs which company is working towards.

4. Political Risks

Any major change in local, national or international can affect the business but as, at the moment, company does not have any business with government entities, the risk is minimal. Although company is trying to secure government business at the moment, this can impact positively as well as negatively in a small percentage of growth of the company.

D. Internal Control System and their adequacy:

Your Company believes that Internal Control is a required principle of governance that freedom of management should be exercised within a framework of appropriate checks and balances. Your Company remains committed to ensuring an effective internal control environment that provides assurance on the efficiency of operations and security of assets.

The company has an Audit Committee, the details of which have been provided in the Corporate Governance Report. Internal auditor performs their duty and audit committee reviews internal auditor reports and other reports and provides suggestions for improvement /takes corrective actions. The committee also meets the Company's Statutory Auditors to ascertain, inter alia, their views on the Adequacy of Internal Control Systems in the company and keeps Board of Directors informed from time to time.

E. Financial Performance

Over all financial Performance of the company is satisfactory in current market scenario, we are cautiously improving in costing point of view which will further add to our margins. Our company will surely improve out topline and bottom line this year and in the years to come.

F. Human Resource Developments:

During the fiscal 2022-23 company has more than 133 persons on its payroll. Apart from this company has generated indirect employment to more than 500 persons in nearby locations. Company is working to restructure the total organization to help its growth with further recruitment in the top and middle management level at different positions.

5. SHARE CAPITAL

The paid-up equity share capital as at March 31, 2023 is Rs.14.69 Crores, divided into 1,46,97,130 equity shares of face value Rs. 10 each. During the year under review, the Company has not issued any equity shares with differential rights or sweat equity shares or under any employee stock option.

6. DEPOSITS

During the year under review, the Company has neither invited nor accepted any fixed deposits from the public within the meaning of section 73 of the Companies Act, 2013 and the rules made there under.

7. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS

The particulars of the loans given, Investments made, Guarantees or Securities provided during the year have been disclosed under the Note no. 5,6,14&43 to the financial statement.

8. PARTICULARS OF THE CONTRACTS OR ARRANGEMENTS WITH THE RELATED PARTIES

All transactions/ contracts/arrangements entered with the Related Parties during the financial year were in the Ordinary course of business and on arm's length basis and without any conflict of interest. Moreover, the company has not entered into any transaction of material nature with the promoters, directors, management, subsidiaries or any significant related party during the financial year that may have potential conflict with the interests of the company at large.

Since all the related party transactions entered into by the Company were in the ordinary course of the Business and on an arm's length basis. Thus, no transaction is being reported in Form AOC-2.

The details of the transactions/ contracts /arrangements held with the related parties have been disclosed in the Notes to the financial statements. A framed Policy on Related Party Transactions duly adopted by the Board is available on the Company's website www.kryptongroup.com.

9. MATERIAL CHANGES AND COMMITMENTS

There have been no material changes and commitments affecting the financial position of the Company between the end of the financial year and date of this report.

10. KEY FINANCIAL RATIOS

There were significant changes in certain key financial ratios of the Company that have changed more than 25% over previous year. Kindly refer Note 56 of the attached standalone financial report of the Company.

11. AUDITORS

ANNEXURE - I**CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO:**

Pursuant to section 134(3) (m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014, the particulars as required in relation to the Conservation of Energy, Technology Absorption and Foreign Exchange Earnings & Outgo are given below:

A) CONSERVATION OF ENERGY

- a) The steps taken or impact on Conservation of Energy are:
1. Company has carried out a close monitoring of the Electricity consumption based on KWH.
 2. Company is changing normal tube lights & bulbs to LED lights & renovation factory shed so that in day time less electricity will be consumed in all the units in a phased manner to save electricity.
 3. Up gradation of the capacitors has been done in the plants in order to increase the power factor and efficient utilisation of energy. It will also help in the company to reduce its electricity bills in the coming years.

(B) TECHNOLOGY ABSORPTION**1. The efforts made towards technology absorption:**

Company's major focus is on PU related products in Bicycle industry & rehab care industry which has huge potential in future. We are continuously working on R&D of our existing products & we are exploring new products development in this field like PU foam products & other PU products used in rehab care industry. We have already developed high performance MCP tubeless tires for bicycles as a future substitute for Rubber Tires. Also we are doing R&D on high performance of PU tires in industrial applications which is a new area for us.

Our company is working to enhance our Rehab care unit production with same infrastructure by effective handling of man power and de bottlenecking in production.

2. Benefit derived like product improvement, cost reduction, product development or import substitution:

Our company has been started getting benefits of its R&D activities & cost reduction measures.

We have also been successful in cut down of our power cost and labour cost in all the units by up gradation of machines and effective utilization of manpower.

Our wheelchairs has been renewed, **IS 7454 by Bureau of Indian Standards (BIS)** which is highest quality standard for wheelchair product, which shows our dedication for quality and it will a big boost for the Company in the coming years. Also we are in process of getting BIS certification for our Safety shoes in current financial year.

ANNEXURE -IV**REPORT ON CORPORATE GOVERNANCE**

[Pursuant to SEBI (Listing Obligations and Disclosures Requirement) Regulations, ("SEBI Listing Regulations") 2015]

1. Company's Philosophy on Corporate Governance

The essence of Corporate Governance is about maintaining the right balance between economic, social, individual and community goals. At Krypton group, good corporate governance is a way of life and the way we do our business, encompassing every day's activities and is enshrined as a part of our way of working. The Company is focused on enhancement of long-term value creation for all stakeholders without compromising on integrity, societal obligations, environment and regulatory compliances. Our actions are governed by our values and principles, which are reinforced at all levels of the organisation. These principles have been and will continue to be our guiding force in future.

For your Company, good corporate governance is a synonym for sound management, transparency and adequate disclosure, encompassing good corporate practices, procedures, standards and implicit rules which propel a company to take sound decisions. As a Company with a strong sense of values and commitment, Krypton Industries Limited believes that profitability must go hand in hand with a sense of responsibility towards all stakeholders. This is an integral part of Krypton's business philosophy. The cardinal principles such as independence, accountability, responsibility, transparency, trusteeship and disclosure serve as means for implementing the philosophy of Corporate Governance.

The basic philosophy of corporate governance in the Company is to maximize long-term shareholder's value, keeping in view the needs and interests of all its stakeholders and to achieve business excellence. The Company is committed to transparency in all its dealings and places high emphasis on business ethics.

The Corporate Governance framework of the Company ensures that timely and accurate disclosure is being made on all material matters regarding the Company, including the financial situation, performance, ownership and governance of the Company. The Board supports principles of good governance and lays appropriate emphasis on regulatory compliance, integrity and accountability.

2. Board of Directors:**Composition, Meetings, Attendance and Directorship(s)/Chairmanship(s)/ Membership(s)**

Share Transfer System

Since the Company's shares can be traded only in demat mode, shareholders would be required to send their physical shares certificates, Demat Request Forms (DRF) etc. directly to the Registrar and Share Transfer Agent. Shareholders would also have to ensure that their respective Depository Participant do not delay in sending the DRF and physical share certificates to the aforesaid Share Transfer Agents so that no Demat requests from any shareholder remains pending with the Share Transfer Agent beyond a period of 30 days.

The Securities and Exchange Board of India ('SEBI') and Ministry of Corporate Affairs ('MCA') has mandated that securities of listed companies can be transferred only in dematerialized form with effect from, April 1, 2019, except in case of request received for transmission or transposition and relodged transfers of securities. Further, SEBI vide its circular no. SEBI/HO/MIRSD/RTAMB/ CIR/P/2020/236 dated December 2, 2020 had fixed March 31, 2021 as the cut-off date for re-lodgment of transfer deeds and the shares that are re-lodged for transfer shall be issued only in demat mode. SEBI vide its notification dated January 24, 2022 has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form.

In compliance with Regulation 40(9) of the Listing Regulations all certificates have been issued within 30 days of the date of transfer, sub-division, consolidation, renewal and exchange of endorsement of calls/allotment monies as applicable during FY 2022-23.

SEBI vide circular no. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated November 3, 2021 had laid down common and simplified norms for processing Investor's Service request by RTAs and norms for furnishing PAN, KYC details and nomination. As per the above said circular the shareholders holding physical securities are required to mandatory furnish PAN, KYC details and Nomination by holders and are also required to link PAN with Aadhaar. The said circular stipulates that the folios wherein the required documents are not made available on or before October 1, 2023 shall be frozen by RTA. The Company had sent relevant communication to all physical holders along with relevant Forms to enable the shareholders to update the PAN, KYC and other relevant details with RTA/Company in line with the SEBI directives. The PAN, KYC and other relevant documents are being processed by RTA on receipt from the shareholders. The relevant Forms are also made available on the company's website at www.kryptongroup.com.

Members are advised to register their details with the RTA, in compliance with the said Circular for smooth processing of their service requests.

CERTIFICATE ON CORPORATE GOVERNANCE

To
The Members,
Krypton Industries Ltd.
Falta Special Economic Zonesector
1 Plot No 31 & 32 P S Diamond Harbour 743504

1. This certificate is issued in accordance with the terms of our engagement letter dated 14th November, 2022.
2. This report contains details of compliance of conditions of Corporate Governance by Krypton Industries Limited ('the Company'), for the year ended 31 March 2023, as stipulated in regulations 17-27, clause (b) to (i) of regulation 46(2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time ('Listing Regulations'), pursuant to the Listing Agreement of the Company with Stock Exchanges.

Management's Responsibility for compliance with the conditions of Listing Regulations

3. The preparation of the Corporate Governance Report is the responsibility of the Management of the Company along with the maintenance of all its relevant supporting records and documents. The Management is also responsible for ensuring that the Company complies with the requirements as stipulated in Regulations 17-27, Clauses (b) to (i) of Regulation 46(2) and paragraphs C, D and E of Schedule V of the Listing Regulations.

Auditors' Responsibility

4. Our examination was limited to procedures and implementation thereof adopted by the Company for ensuring the compliance of the conditions of Corporate Governance as stipulated in the above mentioned Listing Regulations. It is neither an audit nor an expression of opinion on the financial statements of the Company.
5. Pursuant to the requirements of the Listing Regulations, it is our responsibility to provide a reasonable assurance whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended 31 March 2023.
6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

7. In our opinion, and to the best of our information and according to explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations except as stated as under:-
The Company has not made payment of Annual Listing Fees to Calcutta Stock Exchange Limited.
8. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company

Restriction on use

9. The certificate is addressed and provided to the members of the Company solely for the purpose to enable the Company to comply with the requirement of the Listing Regulations, and it should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

Secretarial Audit report of Krypton Industries Ltd For the year ended 31st March 2023**FORM MR-3**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members,
Krypton Industries Ltd
Falta Special Economic Zone sector
1 Plot No 31 & 32 P S Diamond Harbour 743504

We have conducted the secretarial audit of the compliance of applicable statutory provisions and adherence to good corporate practices by Krypton Industries Ltd (hereinafter called as 'the Company'). The secretarial audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March 2023, complied with the applicable statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We further report that maintenance of proper and updated Books, Papers, Minutes Books, filing of Forms and Returns with applicable regulatory authorities and maintaining other records is responsibility of management and of the Company. Our responsibility is to verify the content of the documents produced before us, make objective evaluation of the content in respect of compliance and report thereon. We have examined on test basis, the books, papers, minutes books, forms and returns filed and other records maintained by the Company and produced before us for the financial year ended 31st March, 2023 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following regulations and guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent applicable:
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, as amended;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 and The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2022;

-
- d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) (Amendment) Regulations, 2006 regarding the Companies Act and dealing with client;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2022;
 - h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 1998 and The Securities and Exchange Board of India (Buy- back of Securities) Regulations, 2018; and
 - i) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
 - j) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
- vi. Rules, regulations and guidelines issued by the Reserve Bank of India as per Reserve Bank of India Act, 1934 and its circulars, Master circulars, directions and notifications; to the extent as applicable to Non-Deposit taking Non-Banking Financial Companies.
 - vii. Non-Banking Financial Company-Systemically important non-deposit taking company (Reserve Bank) Directions, 2016.
 - viii. Prevention of Money Laundering Act, 2002 and its circulars, notifications.
 - ix. Anti-Money Laundering Regulation issued by RBI and various circulars and Guidelines thereunder.
 - x. Employee Laws -
 - The Payment of Gratuity Act, 1972 and Payment of Gratuity (Central) Rules, 1972
 - The Payment of Bonus Act, 1965 and Payment of Bonus Rules, 1975
 - The Employees State Insurance Act, 1948
 - The Employees' Provident Fund and Miscellaneous Provisions Act, 1952 & the scheme provided thereunder
 - xi. Acts as prescribed under Shop and Establishment Act of State and various local authorities.
 - xii. The Negotiable Instrument Act, 1881
 - xiii. The Indian Stamp Act, 1899 and the State Stamp Acts
 - xiv. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.
- We have also examined compliance with the applicable clauses of the following: -
- i. Secretarial Standards pursuant to section 118(10) of the Act, issued by the Institute of Company Secretaries of India.
 - ii. Listing Agreements entered into by the Company with BSE Ltd. and Calcutta Stock Exchange Association Ltd. as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We have verified systems and mechanism which is in place and followed by the Company to ensure Compliance of these specifically applicable Laws as mentioned above, to the extent of its' applicability to the Company and we have also relied on the representation made by the Company and its Officers in respect of systems and mechanism formed / followed by the Company for compliances of other applicable Acts, Laws and Regulations and found the satisfactory operation of the same.

During the period under review the Company has complied with the provisions of the Act, rules, regulations, directions, guidelines, standards, etc. mentioned above, except as stated herein below -

1. The Company is suspended from Calcutta Stock Exchange for noncompliance of listing regulations and non-payment of listing fees to the stock exchange.
2. The company has a pending case with the Bankshall Court under section 299, 63, 73(2B) of the Companies Act, 1956 and the matter is subjudice.

We further report that the Board of Directors of the Company is duly constituted with proper balance of executive directors, non-executive directors and independent directors including woman director.

We further report that there is a change in the composition of the Board of Directors during the period under review.

We further report that, the compliance by the Company of applicable financial laws such as direct and indirect tax laws and maintenance of financial records and books of accounts have not been reviewed in this audit since the same have been subject to review by the statutory financial auditors, tax auditors, and other designated professionals.

We also report that adequate notices have been given to all directors to schedule the Board meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting by the directors. The decisions were carried unanimously.

Based on the representation made by the Company and its Officers, we herewith report that majority decisions are carried through and proper system is in place which facilitates / ensure to capture and record, the dissenting member's views, if any, as part of the minutes.

Based on the representation made by the Company and its Officers explaining us in respect of internal systems and mechanism established by the Company which ensures compliances of Acts, Laws and Regulations applicable to the Company, we report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period under review, there were no specific event / action that can have a major bearing on the Company's affairs.

Note: This report is to be read with our letter of even date which is annexed as 'Annexure A' and forms an integral part of this report

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF KRYPTON INDUSTRIES LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Krypton Industries Limited ("the Company"), which comprises the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit and other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

The Key Audit Matter	How the matter was addressed in our audit
<p><u>Revenue Recognition</u></p> <p>Refer Note 32 to the Financial Statements. Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. During the year ended March 31, 2023, the company has recognised revenue amounting to Rs. 2499.06 Lakhs & Rs. 737.80 Lakhs from domestic and export sales respectively. Terms of sales arrangements, including the timing of transfer of control, delivery specifications including terms in case of exports, timing of recognition of sales require significant judgment in determining revenues. The risk is, therefore, that revenue may not get recognised in the correct period or that revenue and associated profit may be misstated.</p> <p>Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers', it has been determined to be a key audit matter in our audit of the standalone Ind AS financial statements.</p>	<p>Our audit procedures included the following:-</p> <ul style="list-style-type: none"> ☞ Considering Company's revenue recognition policy and its compliance in terms of Ind AS 115 'Revenue from contracts with customers'. ☞ Assessing the design and tested the operating effectiveness of internal controls related to revenue recognition. ☞ Testing samples of individual sales transaction and tracing to sales invoices, sales orders, (received from customers) and other related documents including terms and conditions, if any. ☞ Selecting sample of sales transactions made pre- and post-year end, agreeing the period of revenue recognition to underlying documents. ☞ Performing analytical review of revenue to identify any unusual trends. ☞ Assessing the relevant disclosures made within the standalone Ind AS financial statements.

The Key Audit Matter	How the matter was addressed in our audit
<p><u>Inventories</u></p> <p>Refer Note 10 to the Financial Statements. Total Inventory as at 31.03.2023 was Rs. 1478.66 Lakhs and Finished goods of Rs. 537.10 Lakhs comprise 36.32 per cent of such inventory holdings. Total Inventories are 45.68 per cent of the total turnover of the company for FY 2022-2023.</p>	<p>Our audit procedures included the following:-</p> <ul style="list-style-type: none"> ☞ Obtaining an understanding of and assessing the design, implementation and operating effectiveness of management's key internal controls over inventories including sample based physical verification. ☞ Verifying for a sample of individual products that costs have been correctly recorded.

The Key Audit Matter	How the matter was addressed in our audit
<p>The inventories are counted by the company on a cyclical basis and accordingly provisions for obsolescence including revision in valuation to Net Realizable Value, if any, of inventories are assessed and recognized by the management in the financial statements based on management estimation as at the end of the reporting period. Significant degree of judgment is thereby required to assess the net realizable value of the inventories and appropriate level of provisioning for items which may be ultimately sold below cost. Such judgment includes management's expectations for future sale volumes, inventory liquidation plans and future selling prices less cost to sell.</p> <p>Such high holdings, existence and valuation of inventories make it a key audit matter.</p>	<ul style="list-style-type: none"> ☞ Performing a review of the provisions for inventories by examining movements in the balance during the current year; ☞ Assessing, on a sample basis, the net realizable value of inventories as calculated by management with reference to prices achieved and costs to sell after the financial year end. ☞ Assessing the relevant disclosures made within the standalone financial statements.

The Key Audit Matter	How the matter was addressed in our audit
<p><u>Deferred Tax Asset</u></p> <p>Refer Note 23 to the Financial Statements. Deferred Tax Asset ('DTA') is recognized by the company on the Unused Tax Credits and Unused Tax Losses. Total Deferred Tax Asset on such matters stand at Rs. 36.48 Lakhs as at 31.03.2023.</p> <p>DTA is recognized on such unused tax losses and unused tax credits to the extent that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. The risk is, therefore, that sufficient profits may not be available in the future to utilise such Deferred Tax Asset.</p> <p>Such existence and recognition of Deferred Tax Asset make it a Key Audit Matter.</p>	<p><u>Our audit procedures included the following:-</u></p> <ul style="list-style-type: none"> ☞ Our audit procedures included the following:- ☞ Updating our understanding of the identifiable causes behind occurrence of tax losses and assessing whether such causes are likely to recur. ☞ Obtaining an understanding from the management and assessing the accounting and financial estimates on the basis of which the company shall have sufficient taxable profits before expiry of unused tax losses and unused tax credits. ☞ Assessing the relevant disclosures made within the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company's Annual Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements to give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material

if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirement

1. As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the standalone statement of changes in equity and the Standalone Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - (i) The Company, as detailed in Note 43 to the standalone financial statements has disclosed the impact of pending litigations as on March 31, 2023 on its financial position in its standalone financial statements.
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - (iv) (a) The management has represented to us that, to the best of its knowledge and belief, as disclosed in the note 57(vi) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share

premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The management has represented to us that, to the best of its knowledge and belief, as disclosed in the note 57(vii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on our audit procedures that are considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under paragraph 2(g) (iv)(a) & (b) above, contain any material misstatement.
 - (v) No dividend has been declared by the company during the period under audit and hence compliance under Section 123 of The Companies Act, 2013 is not applicable.
 - (vi) Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from 1st April, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended 31st March, 2023.
3. With respect to the matter to be included in the Auditors' Report under Section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure "A" to Independent Auditors' Report On the Standalone Financial Statements of Krypton Industries Limited for the year ended 31ST March 2023

Referred to in Paragraph 9 under "Report on other Legal and Regulatory Requirements" of our report of even date to the Financial Statements of the Company for the year ended March 31, 2023

- (i) In respect of its Property, Plant and Equipment:
- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three years. In accordance with this program, certain fixed assets were verified during the year and no material discrepancies were noticed on such physical verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and nature of its assets.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the company, the title deeds of immovable properties (other than the properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements are held in the name of the Company.
 - (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) and its intangible assets. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.
 - (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order are not applicable to the Company.
- (ii) (a) During the year, the inventories have been physically verified by the management. In our opinion, the frequency of verification, coverage & procedure of such verification is reasonable. No discrepancies were noticed between physical stocks and the book records that were more than 10% in aggregate of each class of inventory.
- (b) The Company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from Banks or financial institutions on the basis of security of current assets. In our opinion, Quarterly returns or statements filed with such Banks or financial institutions are in agreement with the books of account except the following:-

(Rs. in Lakhs)

Quarter	Name of the Bank	Particulars	Amount as per Books of Accounts	Amount as Reported in Quarterly Return/ Statement	Difference
June, 2022	Bank of Baroda	Book debt plus Stock less Creditors	1450.08	1159.67	290.41
September, 2022	Bank of Baroda	Book debt plus Stock less Creditors	1180.51	1131.08	49.43
December, 2022	Bank of Baroda	Book debt plus Stock less Creditors	1331.20	1208.23	122.97
March, 2023	Bank of Baroda	Book debt plus Stock less Creditors	1613.59	1443.13	170.46

- (iii) (a) According to the information explanation provided to us and on the basis of our examination of the records of the Company, the Company has made investment in companies and granted loans to companies and other parties, in respect of which the requisite information is given below. The Company has not provided any guarantee or security to companies, firms, limited liability partnerships or any other parties during the year. The Company has not made investments in firms, limited liability partnerships or any other parties during the year.

Based on our audit procedures carried on by us and as per the information and explanations given to us, the Company has provided loans, as mentioned below:-

Particulars	Loans (Rs. in Lakhs)
Aggregate amount granted/provided during the year	
- Subsidiaries	-
- Others	62.00
Balance Outstanding as at balance sheet date	
- Subsidiaries	-
- Others	265.36

- (b) In our opinion the rate of interest and other terms and conditions on which the loans had been granted were not, prima facie, prejudicial to the interest of the company.
- (c) The borrowers are regular in repaying the Principal Amounts and interest as stipulated, and are also regular in payment as applicable except for the following cases where there is no stipulation of repayment of principal and payment of interest and accordingly we are unable to comment on the regularity of principal and payment of interest.

Name of the Entity	Amount (Rs. in Lakhs)	Remarks
Innovative Agents Private Limited	7.00	Loan is repayable on demand. As informed to us, the company has not demanded repayment of the loan during the year. Thus, there is no default on the part principal amount.
Mani Square Private Limited	2.88	
M.H. Consultancy Services	8.02	

- (d) According to the information explanation provided to us and on examination of records of the Company, there is no overdue amount for more than 90 days.
- (e) According to the information explanation provided to us, the loan or advance in the nature of loan granted has not fallen due during the year. Hence, the requirements under paragraph 3(iii) (e) of the Order are not applicable to the Company.
- (f) According to the information explanation provided to us, the Company has not any granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment except for the following loans:-

Particulars	All Parties	Promoters	Related Parties
Aggregate amount of loans/ advances in nature of loans			
- Repayable on demand (A)	17.90	-	-
- Agreement does not specify any terms or period of repayment (B)	-	-	-
Total (A+B)	17.90	-	-
Percentage of loans/advances in nature of loans to the total loans	6.75%	-	-

- (iv) In our opinion and to the best of information and explanations given to us the Company has complied with the provisions laid down under sections 185 or 186 of the Act with respect to loans and investments made in the current year. However, Opening balance of such loans granted to "persons in whom the director is interested" before the commencement of Section 185 still exists on Balance Sheet date.

- (v) According to the information and explanations given to us, the Company has not accepted any deposit or amounts which are deemed to be deposits from the public. Therefore, the provisions of Clause (v) of Paragraph 3 of the Order are not applicable.
- (vi) We have broadly reviewed the cost records maintained by the company as prescribed by the Central Government under section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) In respect of Statutory Dues:

- (a) According to the information and explanations given to us and on the basis of examination of records given to us, amounts deducted/accrued in the books of accounts in respect of undisputed statutory dues including Goods & Service Tax , Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Custom Duty, Excise Duty, Value Added Tax, cess and other statutory dues have been generally regularly deposited during the year by the company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods & Service Tax, Sales Tax, Custom Duty, Excise Duty, Value Added Tax, cess and other statutory dues were in arrears as at 31st March, 2023 for a period of more than six months from the date they become payable.

- (b) According to the information and explanations given to us, the dues of Goods & Service Tax, sales tax, income tax, duty of customs, duty of excise, service tax and value added tax which have not been deposited on account of disputes as at 31.03.2023 are set out below:-

Sr. No.	Name of the Statute	Nature of the Dues	Amount of Demand / Dispute (Rs. in Lakhs)	Period to which the amount relates	Forum where the dispute is pending
1.	Income Tax Act, 1961	Income Tax	13.88	AY 2013-14	Appeal u/s 246A before CIT (Appeals)
2.	Income Tax Act, 1961	Income Tax	6.03	AY 2011-12	Appeal u/s 246A before CIT (Appeals)

- (viii) According to the information and explanations given to us, there are no transactions which are not accounted in the books of account which have been surrendered or disclosed as income during the year in Tax Assessment of the Company. Also, there are no previously unrecorded income which has been now recorded in the books of account. Hence, the provision stated in paragraph 3(viii) of the Order is not applicable to the Company.

-
- (ix) (a) Based on our audit procedures and on the information and explanations given by the management, we are of the opinion that, the Company has not defaulted in repayment of loans or borrowings to any financial institution, bank or government.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
- (c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures as defined under Companies Act, 2013.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies (as defined under Companies Act, 2013)
- (x) (a) The Company did not raise any money by way of Initial Public Offer or Further Public Offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is Not Applicable.
- (b) According to the information and explanations given to us and according to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xi) (a) Based on our audit procedures and on the information and explanations given by the management, no material fraud on or by the Company by its officer or employees has been noticed or reported during the course of our audit.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the cost auditor/secretarial auditor or by us in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year.
- (c) As represented to us by the management, there are no whistle-blower complaints received by the Company during the year. Accordingly, the provisions stated in paragraph (xi)(c) of the Order is not applicable to company.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and hence reporting under Clause (xii) (a) to (c) of the Order is not applicable here.

- (xiii) According to the information and explanations given to us and on the basis of examination of records of the Company the transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and details of such transactions has been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till the date of audit report, for the period under audit.
- (xv) According to the information and explanations given to us and on the basis of examination of records of the Company the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly paragraph 3(xv) of Order is not applicable.
- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence the provisions stated in paragraph clause 3 (xvi) (a) of the order are not applicable to the company.
- (b) In our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities without any valid Certificate of Registration from Reserve Bank of India. Hence the provisions stated in paragraph clause 3 (xvi) (b) of the order are not applicable to the company.
- (c) The Company is not a Core investment Company (CIC) as defined in the regulations made by Reserve Bank of India. Hence, the reporting under paragraph clause 3 (xvi)(c) of the Order are not applicable to the Company.
- (d) The Company does not have any CIC as part of its group. Hence the provisions stated in paragraph clause 3 (xvi) (d) of the order are not applicable to the company.
- (xvii) Based on the overall review of standalone financial statements, the Company has not incurred cash losses in the current financial year and in the immediately preceding financial year. Hence, the provisions stated in paragraph clause 3 (xvii) of the Order are not applicable to the Company.
- (xviii) There has been no resignation of the statutory auditors during the year. Hence, the provisions stated in paragraph clause 3 (xviii) of the Order are not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios (Refer note 56 to the financial statements), ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither

give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) According to the information and explanations given to us, the provisions of section 135 of the Act are not applicable to the Company. Hence, the provisions of paragraph (xx)(a) to (b) of the Order are not applicable to the Company.
- (xxi) According to the information and explanations given to us and on the examination of records of the company, the Company has an overseas Subsidiary wherein Reporting under Companies (Auditor's Report) Order is Not Applicable to the respective Auditor, Hence. reporting under clause 3(xxi) of the Order is not applicable.

Annexure "B" to Independent Auditors' Report On the Standalone Financial Statements of Krypton Industries Limited for the year ended 31st March 2023

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Krypton Industries Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended and as on March 31, 2023.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit.

We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Control, and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Dated: The 29th Day of May, 2023

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023**1. Summary of Significant Accounting Policies and Other Explanatory Information****I. GENERAL CORPORATE INFORMATION**

Krypton Industries Limited ("The Company") with its registered office at Falta Special Economic Zone, Sector - 1, Plot No. 31 & 32, P.S - Diamond Harbour, 24 Parganas South, West Bengal - 743504. The Company is engaged in Manufacture and Sale of Tubeless Tyres, Commode Chairs, P.U. Shoe Soles, P.U. Sandals/ Chappals and trading in Tubeless Tyres, Wheel Chairs and its accessories, Walker, Cycle Accessories, Plastic Rims, Crutches, Rollators, etc.

The financial statements were authorised for issue by the Company's Board of Directors on 29th May, 2023.

II. BASIS OF PREPARATION:**a) Statement in Compliance with Indian Accounting Standards (Ind AS)**

The standalone financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (hereinafter referred to as the "Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented.

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All figures have been rounded off to the nearest thousand, unless otherwise indicated.

Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except the following:

- certain financial assets and liabilities that are measured at fair value; and
- defined benefit plans - plan assets measured at fair value.

Current versus non-current classification-current classification:

The Company presents all its assets and liabilities in the standalone balance sheet based on current or non-current classification. Assets and liabilities are classified as current or non-current as per the Company's normal operating cycle and other criteria asset out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

III. SIGNIFICANT ACCOUNTING POLICIES**(a) Revenue from contract with customers**

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

At contract inception, Company assesses the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. Revenue is recognised upon transfer of control of promised products or services to customers in an amount of the transaction price that is allocated to that performance obligation and that reflects the consideration which the Company expects to receive in exchange for those products or services.

The Company considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer net of returns, excluding amounts collected on behalf of third parties (for example, taxes) and excluding discounts and incentives, as specified in the contract with customer.

With respect to sale of products and rendering of certain services, revenue is recognised at a point in time when the performance obligation is satisfied and the customer obtains the control of goods or services. There are no significant financing components involved on contract with customers. Invoices are usually payable within the credit period as agreed with respective customers.

The Company recognises revenue only when it is probable that it will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer.

Customer Incentive:

The Company usually have customer Incentive programs for their customers based on the sales from time to time. The Company grants incentive to only those customers who have qualifying sales, at certain percentage of total transaction made by them during the said periods.

Job Work:

The Company has entered into Job Work arrangements with big OEM's, and products are manufactured on their behalf and accordingly, the revenues from such arrangements have been recorded as part of gross revenue.

Income from export incentives and Other Operating Income:

Export incentives and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the incentive will be received.

Insurance Claims are accounted to the extent the company is reasonably certain of their ultimate collection.

Interest income:

Interest income is recorded on accrual basis.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023**(b) Property, plant and equipment****Recognition and initial measurement:**

Property, plant and equipment is stated at historical cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are added in the asset's carrying amount/recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of such item can be measured reliably. All other repairs and maintenance expenses are charged to the standalone statement of profit and loss in the period in which they are incurred. Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the standalone statement of profit and loss.

Refer Note No. 2 to Financial Statements.

Capital work-in-progress:

Property, plant and equipment which are not ready for intended use as on the balance sheet date are disclosed as "Capital work-in-progress".

Subsequent measurement (depreciation and useful lives):

Depreciation is provided on a pro-rata basis on the written down value (WDV) method based on estimated useful life prescribed under Schedule II of the Companies Act, 2013. Depreciation of land acquired under finance lease and leasehold improvements is provided over their respective lease period or estimated useful life whichever is shorter. Residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each Balance Sheet date and any change in them is adjusted prospectively.

Category of asset Useful life

Buildings	30 years
Plant and equipment (inc. Mould)	15 years
Furniture and fixtures	10 years
Office equipment	3 - 5 years
Vehicles	8-10 years

Freehold land is carried at historical cost.

The management believes that these estimated useful lives and residual values are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Refer Note No. 2 to Financial Statements.

De-recognition:

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the standalone statement of profit and loss, when the asset is de-recognized.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023**Intangible assets and Amortisation**

Acquired intangible assets are initially measured at cost and subsequently at cost less accumulated amortisation and accumulated impairment loss, if any.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in profit or loss as incurred.

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method and is included in depreciation and amortisation in the Statement of Profit and Loss.

Intangible assets, if any, are amortised over a period of five years under straight line method.

The amortisation period and the amortisation method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortisation period is changed accordingly.

Intangible assets under development is stated at cost which includes expenses incurred in connection with development of intangible assets in so far as such expenses relate to the period prior to getting the assets ready for use.

(c) Government Grants

Government grants are recognised at their fair values when there is reasonable assurance that the grants will be received and the Company will comply with all the attached conditions. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed or netted off with related expenses. Grants related to purchase of property, plant and equipment are included in non-current liabilities as deferred revenue and are credited to profit or loss on a straight-line basis over the expected useful life of the related asset and presented within other operating revenue. Grants that become receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs shall be recognised in profit or loss of the period in which it becomes receivable.

(d) Financial Instruments**A) Financial Assets**

Classification: The Company classifies its financial assets in the following measurement categories depending on the Company's business model for managing such financial assets and the contractual cash flow terms of the asset.

- (i) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- (ii) those subsequently measured at amortized cost.

For assets measured at fair value, gains or losses are either recorded in the statement of profit and loss or other comprehensive income. Investments in debt instruments are classified depending on the business model managing such investments. The Company re-classifies the debt investments when and only when there is a change in business model managing

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

those assets. For investments in equity instruments recording of gains or losses shall depend on whether the Company has made an irrevocable election at the time of initial recognition to account for such equity investments at fair value through other comprehensive income.

Measurement: At initial recognition, the Company measures a financial asset (other than those carried at fair value through profit or loss) at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of profit and loss as and when they are incurred.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model managing such debt instruments and the contractual cash flow characteristics of the instrument. There are three measurement categories into which the debt instruments are classified:

- (i) Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- (ii) Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at Fair value through Other Comprehensive Income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gains or losses previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/(losses). Interest income from these financial assets is included in finance income using the effective interest rate method.
- (iii) Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in statement of profit and loss in the period in which it arises.

Equity instruments: The Company classifies all its equity investments at fair value through profit and loss or at fair value through other comprehensive income basis. Changes in the fair value of financial assets at fair value through profit and loss are recognized in other gains/(losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity instruments measured at FVOCI are not reported separately from other changes in fair value.

Impairment:

The Company assesses the expected credit losses for its financial assets at amortized cost and FVOCI debt instruments. Impairment methodology applied depends on whether there has been a significant increase in credit risk and the loss amount assessed depends upon past events, present conditions and future economic scenario.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

In accordance with Ind AS 109: Financial instruments, the company recognizes impairment loss allowance on trade receivables based on historically observed default rates. Impairment loss allowance recognized during the year is charged to Statement of profit and loss.

De-recognition:

A financial asset is de-recognized when:

- (i) Contractual right to receive cash flows from such financial asset expires;
- (ii) Company transfers the contractual right to receive cash flows from the financial asset; or
- (iii) Company retains the right to receive the contractual cash flows from the financial asset, but assumes a contractual obligation to pay such cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards associated with the ownership of the financial asset. In such cases, the financial asset is de-recognized. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognized.

Where the Company has neither transferred nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company does not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in such financial asset.

B) Financial Liabilities**Classification & Measurement**

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on de-recognition is also recognised in profit or loss.

De-recognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

C) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023**D) Impairment of non-financial assets**

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Impairment loss is charged to the Statement of Profit & Loss Account in the year in which an asset is identified as impaired. An impairment loss recognized in the prior accounting periods is reversed if there has been change in the estimates used to determine the assets recoverable amount since the last impairment loss was recognised.

(e) Measurement of Fair Values

A number of the accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 - Inputs which are unobservable inputs for the asset or liability.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023**(f) Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment and amortised over the period of the facility to which it relates.

Borrowings are derecognized from the standalone balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in standalone statement of profit and loss as other gains or(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(g) Borrowing costs

Borrowing Costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. It also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs that are directly attributable to the acquisition or construction of qualifying asset are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get itself ready for the intended use.

Transaction Costs in respect of long-term borrowings are amortised over the tenure of respective loans using Effective Interest Rate (EIR) method. Other borrowing costs are recognized as an expense in the period in which they are incurred.

(h) Inventories

Raw materials, packing materials, work-in-progress, stores and spares, finished goods and stock-in-trade are valued at lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost.

Cost of inventories comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from the tax authorities), cost of conversion and all other costs incurred in bringing the inventories to their present location and condition. In determining the cost, weighted average cost method is used. In determining the cost of manufactured finished goods and work-in-progress an appropriate share of fixed and variable production overheads, and other costs incurred in bringing the inventories to their present location and conditions are considered. Fixed production overheads are allocated on the basis of normal capacity of production facilities. Costs of purchased inventory are determined after deducting rebates and discounts.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. Adequate allowance is made for obsolete and slow -moving items.

Refer Note No. 10 to Financial Statements.

(i) Cash and cash equivalents

Cash and cash equivalents comprise of cash-on-hand and short- term demand deposits with banks. The Company considers it's highly liquid, short-term investments (having maturity less than three months) which can be readily converted to fixed/determinable amount of money and subject to insignificant risks arising from changes in their fair values, as cash equivalents.

Refer Note No. 12 & 13 to Financial Statements.

(j) Foreign currency transactions

Transactions and balances:

Foreign currency transactions are translated into the functional currency using exchange rates prevailing at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions and from translation of monetary assets and liabilities at the exchange rates prevailing on the balance sheet dates are recognized in the standalone statement of profit and loss.

(k) Employee benefits expense**(i) Short term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

(ii) Post-retirement benefits

Post-retirement benefits to employees can either be through defined contribution plans or defined benefit plans. A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund and pension schemes. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company operates a Defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the effect of the asset ceiling (if any, excluding interest), are recognised in OCI.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

(i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and (ii) Net interest expense or income

The current and non-current bifurcation is done as per Actuarial report.

Refer Notes 22, 31, 36 and 50 to the Financial Statements.

(I) Leases**- Company as a Lessor**

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

- Company as a Lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognized as expense in the periods in which they are incurred.

Right-of-Use Assets (ROU Assets)

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The rights of use assets are also subject to impairment. Refer to the accounting policies in Note 1.III.b. Impairment of nonfinancial assets.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

Extension and termination options are included in many of the leases. In determining the lease term the management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option.

Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments) payable during the lease term and under reasonably certain extension options, less any lease incentives;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Short-term Leases and Leases of Low-Value Assets

The Company applies the short-term lease recognition exemption to its short-term leases of Property, Plant & Equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(m) Provisions, contingent liabilities and contingent assets**Provisions:**

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of such obligation can be made.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

Provisions are measured at the best estimate of the expenditure required to settle the obligation at the Balance Sheet date.

Refer Note No. 22 & 31 to Financial Statements.

Contingent liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Refer Note No. 43 to Financial Statements.

Contingent assets: Contingent assets are not recognized in the financial statement. However, when there is a virtual certainty that an inflow of resources embodying economic benefits will arise from the contingent asset, such asset and the related income is recognized in the period in which the changes occurred.

s(n) Income tax

Income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rates with adjustments for changes in deferred tax assets or liabilities attributable to temporary differences and unused tax losses or credits.

Current tax is calculated based on tax laws enacted or substantively enacted at the end of the reporting period.

Deferred tax is recognized on temporary differences arising from the tax bases of assets and liabilities and their respective carrying amounts in the financial statements at the tax rates and laws that have been enacted or substantively enacted at the Balance Sheet Date.

Deferred Tax Assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized Deferred tax Assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

For items recognized in OCI or equity, deferred/current tax is also recognized in OCI or equity.

Minimum alternate tax ('MAT') credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the standalone statement of profit and loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

Current tax assets and tax liabilities are off setted where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

(o) Segment reporting

As per Ind AS 108: Operating Segments, the Company has identified the following operating segments:

- (i) Tyre, Rims & Wheel
- (ii) Footwear
- (iii) Hospital Equipments

(p) Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(q) Earnings per share

Basic earnings per share is computed by dividing the net profit or loss before OCI for the period by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events that have changed the number of outstanding equity shares, without a corresponding change in the resources. For the purpose of calculating diluted earnings per equity share, net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares. As on the balance sheet dates, the Company has no dilutive potential equity shares.

(r) Estimation of uncertainties relating to the Global Health Pandemic from COVID-19 :

The Company has considered internal and certain external sources of information up to the date of approval of the financial statements in determining the impact of COVID-19 pandemic on various elements of its financial statements.

The management has used the principles of prudence in applying judgements, estimates and assumptions and based on the current estimates, the management expects to fully recover the carrying amount of inventories, trade receivables, investments and other assets. However, the eventual outcome of the impact of the COVID-19 pandemic may be different from those estimated as on the date of approval of these financial statements.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023**(s) Significant Judgements And Key Sources Of Estimation In Applying Accounting Policies**

Information about significant judgements and key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- **Recognition of Deferred Tax Assets:**

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

- **Useful Lives of Depreciable/Amortisable Assets (Property, Plant and Equipment and Intangible Assets):**

Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to actual normal wear and tear that may change the utility of plant and equipment.

- **Extension and Termination Option in Leases:**

Extension and termination options are included in many of the leases. In determining the lease term, the management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. This assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the Company.

- **Defined Benefit Obligation (DBO):**

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.

- **Provisions and Contingencies:**

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Ind AS - 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.

- **Impairment of Financial Assets:**

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023**- Allowances for Doubtful Debts:**

The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

- Fair Value Measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The input to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

49 Disclosure pursuant to IND AS-116- Lease

- In accordance with IND AS-116 Right of use assets (ROU Assets) stand at Rs. 3889.73 and a corresponding lease liability of Rs. 4319.87 has been recognised in the Balance Sheet. The changes in the carrying value of right of use assets for the year ended 31st March, 2023 are disclosed in Note 3.
- "In the statement of profit and loss for the current year, rent expenses which was earlier recognised under other expenses is now recognised as depreciation of right of use assets and interest on lease liabilities" under finance cost. The adoption of this standard did not have any significant impact on the profit for the year and earnings per share. The total cash outflows for the year ended 31st March, 2022 is ₹ 3280.00 ('000)."

Expenses recognised in Statement of Profit & Loss Account:

Particulars	31/03/2023	31/03/2022
Finance Cost		
Interest Expenses on Lease Liability	688.62	636.93
Depreciation		
Depreciation on ROU Assets	2,613.12	2,059.87

- The weighted average incremental borrowing rate of 11% has been applied to lease liabilities recognised in the balance sheet.
- As per the requirement of Ind AS-107, maturity analysis of lease liabilities have been shown under maturity analysis for financial liabilities under liquidity risk (Refer Note 52).
- The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligation related to lease liabilities as and when they fall due.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

50 Disclosure in accordance with Ind AS-19 on employee benefits expense Gratuity and other Post-employment benefits plan:

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service is entitled to Gratuity on terms not less favourable than the provisions of The Payment of Gratuity Act, 1972. The scheme is funded with an insurance company.

The Company also extends benefit of compensated absences to the employees, whereby they are eligible to carry forward their entitlement of earned leave for encashment upon retirement/ separation. This is an unfunded plan.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the Balance Sheet for the Post - retirement benefit plans .

- i) These investments in Gold are not held for trading. Upon application of IndAS - 109 - Financial Instruments, the Company has chosen to measure the investments in Gold at FVTPL as the management believes that presenting fair value gains and losses relating to these investments in the standalone statement of profit and loss is a proper disclosure by the Company.
- ii) The management assessed that the fair value of cash and cash equivalents, other bank balances, bank deposits, loans to employees, advance to manufacturing units, trade payables and other financial liabilities approximate the carrying amount largely due to short term maturity of these instruments. In relation to Trade Receivables, however, impairment loss based on historically observed default rates has been provided for and carrying of Trade Receivables has been reduced by this amount. For long-term borrowings at fixed/floating rates, management evaluates that their fair value will not be significantly different from the carrying amount.

b Fair Value hierarchy

The fair value of financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly market between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent in all the years. Fair value of financial instruments referred to in note (a) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and lowest priority to unobservable entity specific inputs.

The categories used are as follows:

- Level 1: quoted prices (unadjusted) in active markets for financial instruments
- Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

For assets and liabilities which are measured at fair value as at balance sheet date, the classification of fair value by category and level on inputs used is given below:

52 Financial Risk Management Objectives and policies

The Company's financial liabilities comprise borrowings, capital creditors and trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets include trade and other receivables, cash and cash equivalents, investments and deposits. The Company also holds investments in Gold and Sovereign Gold Bond and mutual funds

The Company has a Risk Management Committee that ensures that risks are identified, measured and managed in accordance with Risk Management Policy of the Company. The Board of Directors also review these risks and related risk management policy.

The market risks, credit risks and Liquidity risks are further explained below:

1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and other price risk, such as commodity price risk and equity price risk. Financial instruments affected by market risk include FVTOCI investments, trade payables, trade receivables, etc.

a. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities. Such foreign currency exposures are not hedged by the Company. The Company has a treasury department which monitors the foreign exchange fluctuations on the continuous basis and advises the management of any material adverse effect on the Company.

Foreign Currency Risk :	Year Ended 31/03/2023		Year Ended 31/3/2022	
	(USD '000)	(₹ Thousands)	(USD '000)	(₹Thousands)

Foreign Currency Risk :	Year Ended 31/03/2023		Year Ended 31/03/2022	
	(Euro '000)	(₹Thousands)	(Euro '000)	(₹Thousands)
In Euro				
Trade Receivables	77.7336	6,918.88	15.5876	1319.64

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023

b. Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in USD/Euro exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

Particulars	31.03.2023	31.03.2022
	Gain /(Loss)	Gain /(Loss)
INR appreciates by 5%	(264.89)	(1,344.64)
INR Depreciates by 5%	264.89	1,344.64

c. Commodity Price Sensivity

The Company's Investment in Gold is susceptible to market price risk arising from uncertainty about future prices of Gold. The following table shows the effect on price changes in Gold Investments.

Particulars	31.03.2023	31.03.2022
	Gain /(Loss)	Gain /(Loss)
Gold Rate appreciates by 5%	40.33	34.61
Gold Rate Depreciates by 5%	(40.33)	(34.61)

2 Liquidity Risk

Liquidity risk is the risk that the Company may not be able to meet its financial obligations as they become due. The Company monitors its risk by determining its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short term and long term needs. The Company manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity monitoring future cash flow and liquidity on a regular basis. Surplus funds not immediately required are invested in certain mutual funds and fixed deposit which provide flexibility to liquidate. Besides, it generally has certain undrawn credit facilities which can be used as and when required; such credit facilities are reviewed at regular basis.

a. Maturity analysis for financial liabilities

The following are the remaining contractual maturities of financial liabilities at the reporting date -

	25,879.29	96,266.33	10,146.20	49,015.51	1,81,307.32

3 Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables).

a. Trade receivables

A significant part of the Company's sales are under the 'cash and carry' model which entails no credit risk. For others, an impairment analysis is performed at each reporting date on an individual basis for all the customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on historical data of credit losses. The Company has evaluated the concentration of risk with respect to trade receivables as low, as its customers are from several industries.

- ix. The Company has complied with the number of layers prescribed under clause (87) of Section 2 of the Companies Act, 2013 read with the Companies (Restriction on number of Layers) Rules, 2017.
- x. The Company has not filed any Scheme of Arrangements in terms of Sections 230 to 237 of the Companies Act, 2013 with any Competent Authority.
- xi. The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

58 Significant Accounting Judgements, Estimates & Assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions, as described below, that affect the reported amounts and the disclosures. The Company based its assumptions and estimates on parameters available when the financial statements were prepared and are reviewed at each Balance Sheet date. Uncertainty about these assumptions and estimates could result in outcomes that may require a material adjustment to the reported amounts and disclosures. Information about critical judgements in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the financial statements is as follows:

a) Employee benefit plans

The cost of the employment benefit plans and their present value are determined using actuarial valuations which involves making various assumptions that may differ from actual developments in the future. For further details refer Note 50.

b) Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the standalone balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

Notes to the Standalone Financial Statements as at and for the year ended 31st March 2023**c) Classification of leases:**

Refer note 1.III (l) for details.

d) Recognition of deferred tax assets:

Refer note 1.III (n) for details.

e) Provision for litigations and tax disputes

The likelihood of outcome of litigations and tax disputes are estimated by the management based on past experiences, legal advice, other public information etc. For further details, refer Note 41.

59 The company has reclassified/rearranged/regrouped previous year figures to conform to this year's classification, where necessary.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF KRYPTON INDUSTRIES LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Krypton Industries Limited ("hereinafter referred to as the Holding Company") and its Subsidiary (Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March 2023 and the Consolidated Statement of Profit and Loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditor on separate financial statement of such subsidiary as was audited by the other auditor, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated State of affairs of the Group as at 31st March, 2023, of its consolidated Profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained along with the consideration of audit report of the other auditor referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter

The Key Audit Matter	How the matter was addressed in our audit
<p><u>Revenue Recognition</u></p> <p>Refer Note 33 to the Financial Statements. Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. During the year ended March 31, 2023, the Group has recognised revenue amounting to Rs. 2499.06 Lakhs & Rs. 828.63 Lakhs from domestic and overseas sales respectively. Terms of sales arrangements, including the timing of transfer of control, delivery specifications including terms in case of exports, timing of recognition of sales require significant judgment in determining revenues. The risk is, therefore, that revenue may not get recognised in the correct period or that revenue and associated profit may be misstated.</p> <p>Accordingly, due to the significant risk associated with revenue recognition in accordance with terms of Ind AS 115 'Revenue from contracts with customers', it has been determined to be a key audit matter in our audit of the standalone Ind AS financial statements.</p>	<p>Our audit procedures included the following:-</p> <ul style="list-style-type: none"> ☞ Considering Group's revenue recognition policy and its compliance in terms of Ind AS 115 'Revenue from contracts with customers'. ☞ Assessing the design and tested the operating effectiveness of internal controls related to revenue recognition. ☞ Testing samples of individual sales transaction and tracing to sales invoices, sales orders, (received from customers) and other related documents including terms and conditions, if any. ☞ Selecting sample of sales transactions made pre- and post-year end, agreeing the period of revenue recognition to underlying documents. ☞ Performing analytical review of revenue to identify any unusual trends. ☞ Assessing the relevant disclosures made within the standalone Ind AS financial statements.
<p><u>Inventories</u></p> <p>Refer Note 10 to the Financial Statements. Total Inventory as at 31.03.2023 was Rs. 1579.37 Lakhs and Finished goods of Rs. 537.10 Lakhs comprise 34.01 per cent of such inventory holdings. Total Inventories are 47.46 per cent of the total turnover of the company for FY 2022-2023.</p>	<p>Our audit procedures included the following:-</p> <ul style="list-style-type: none"> ☞ Obtaining an understanding of and assessing the design, implementation and operating effectiveness of management's key internal controls over inventories including sample based physical verification.

The Key Audit Matter	How the matter was addressed in our audit
<p>The inventories are counted by the Group on a cyclical basis and accordingly provisions for obsolescence including revision in valuation to Net Realizable Value, if any, of inventories are assessed and recognized by the management in the financial statements based on management estimation as at the end of the reporting period. Significant degree of judgment is thereby required to assess the net realizable value of the inventories and appropriate level of provisioning for items which may be ultimately sold below cost. Such judgment includes management's expectations for future sale volumes, inventory liquidation plans and future selling prices less cost to sell.</p> <p>Such high holdings, existence and valuation of inventories make it a key audit matter.</p>	<ul style="list-style-type: none"> ☞ Verifying for a sample of individual products that costs have been correctly recorded. ☞ Performing a review of the provisions for inventories by examining movements in the balance during the current year; ☞ Assessing, on a sample basis, the net realizable value of inventories as calculated by management of the Group with reference to prices achieved and costs to sell after the financial year end. ☞ Assessing the relevant disclosures made within the consolidated financial statements.

The Key Audit Matter	How the matter was addressed in our audit
<p><u>Deferred Tax Asset</u></p> <p>Refer Note 23 to the Financial Statements. Deferred Tax Asset ('DTA') is recognized by the Group on the Unused Tax Credits and Unused Tax Losses. Total Deferred Tax Asset on such matters stand at Rs. 36.48 Lakhs as at 31.03.2023.</p> <p>DTA is recognized on such unused tax losses and unused tax credits to the extent that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised. The risk is, therefore, that sufficient profits may not be available in the future to utilise such Deferred Tax Asset.</p> <p>Such existence and recognition of Deferred Tax Asset make it a Key Audit Matter.</p>	<p>Our audit procedures included the following:-</p> <ul style="list-style-type: none"> ☞ Updating our understanding of the identifiable causes behind occurrence of tax losses and assessing whether such causes are likely to recur. ☞ Obtaining an understanding from the management and assessing the accounting and financial estimates on the basis of which the company shall have sufficient taxable profits before expiry of unused tax losses and unused tax credits. ☞ Assessing the relevant disclosures made within the consolidated financial statements.

Information other than the Consolidated financial statements and Auditors' Report thereon

The Holding Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management' Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material

misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements, or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements including the disclosures and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entity included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of the Subsidiary whose financial statements/financial information reflect total assets (before consolidation adjustments) of Rs. 231.37 Lakhs as at 31 March 2023, total revenue (before consolidation adjustments) of Rs. 293.26 Lakhs, total net Loss after tax (before consolidation adjustments) of Rs. 19.59 Lakhs and net cash outflows of Rs. 56.32 Lakhs for the year ended on that date, as considered in the consolidated annual financial statements. This financial statement has been audited by its respective independent auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures in respect of this subsidiary, and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates is based solely on the audit report of the other auditor.

The Subsidiary is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in its respective country and which have been audited by other auditor under generally accepted auditing standards applicable in its respective country. The Holding Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in its respective country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion, in so far as it relates to the balances and affairs of its Subsidiary located outside India is based on the report of such other auditor and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated annual financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports the other auditor and the financial statements/financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, based on our audit of the Holding Company and on consideration of report of the other auditor on separate financial statement of such subsidiary as were audited by other auditor, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books and report of the other auditor.
 - (c) The Consolidated Balance Sheet and the Consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid Consolidated financial statements comply Ind AS specified under Section 133 of the Act.
 - (e) On the basis of written representations received from the directors of the Holding Company as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company, none of the directors of the Holding Company is disqualified as on 31st March, 2023, from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Holding Company's internal financial controls over financial reporting.; and
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statement:
 - (i) The Group, as detailed in Note 44 to the consolidated financial statements has disclosed the impact of pending litigations as on March 31, 2023 on its financial position in its consolidated financial statements.
 - (ii) The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company.

- (iv) (a) The management has represented to us that, to the best of its knowledge and belief, as disclosed in the note 55(vi) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The management has represented to us that, to the best of its knowledge and belief, as disclosed in the note 55(vii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on our audit procedures that are considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under paragraph 2(g) (iv)(a) & (b) above, contain any material mis-statement.
- (v) No dividend has been declared by the company during the period under audit and hence compliance under Section 123 of The Companies Act, 2013 is not applicable.
- (vi) Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Holding Company with effect from 1st April, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended 31st March, 2023.

2. With respect to the matter to be included in the Auditors' Report under Section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure "A" to Independent Auditors' Report On the Consolidated Financial Statements of Krypton Industries Limited for the year ended 31 March 2022

Referred to in Clause (f) of Paragraph 1 under "Report on other Legal and Regulatory Requirements" of our report of even date to the financial statements of the company for the year ended March 31, 2023.

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting with reference to consolidated financial statements of Krypton Industries Limited (hereinafter referred to as "the Holding Company") as of March 31, 2023 in conjunction with our audit of the consolidated financial statements of the Company for the year ended and as on March 31, 2023.

Management's Responsibility for Internal Financial Controls

The Holding Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria with reference to the consolidated financial statements established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Holding Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on internal financial controls over financial reporting with reference to consolidated financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Control, and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to consolidated financial statements included obtaining an understanding of internal financial controls over financial reporting with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to consolidated financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting with reference to consolidated financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting

principles. A company's internal financial control over financial reporting with reference to consolidated financial statement includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to consolidated financial statements and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal financial control over financial reporting criteria with reference to consolidated financial statement established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023**1. Summary of Significant Accounting Policies and Other Explanatory Information****I. GROUP'S BACKGROUND**

The Consolidated financial statements comprise of financial statements of Krypton Industries Limited ("the parent Company") and its subsidiary (collectively, the Group) for the year ended 31st March, 2023.

The Parent company is a Public Limited Company, incorporated and domiciled in India. The Registered office of the Parent Company is located at Falta Special Economic Zone, Sector - 1, Plot No. 31 & 32, P.S - Diamond Harbour, 24 Parganas South, West Bengal - 743504.

The Company's Subsidiary, namely Krypton Europe S.R.O., a limited liability Company in the Jilemnice, Nadrazní 48, Zip code- 514 01, ID Nr. 086 72 440, Czech Republic, registered with the Commercial Register with County Courtin Hradec Králové, section C, Nr. 44819.

The Group is engaged in Manufacture and Sale of Tubeless Tyres, Commode Chairs, P.U. Shoe Soles, P.U. Sandals/ Chappals and trading in Tubeless Tyres, Wheel Chairs and its accessories, Walker, Cycle Accessories, Plastic Rims, Crutches, Rollators, etc.

The consolidated financial statements were authorised for issue by the Parent Company's Board of Directors on 29th May 2023.

II. BASIS OF PREPARATION:**a) Statement in Compliance with Indian Accounting Standards (Ind AS)**

The Consolidated financial statements comply in all material aspects with Indian Accounting Standards (IndAS) notified under Section 133 of the Companies Act, 2013 (hereinafter referred to as the "Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented. These financial statements are the first consolidated financial statements of the Group under Ind AS.

These consolidated financial statements are presented in Indian Rupees (INR), which is also the Group's functional currency. All figures have been rounded off to the nearest thousand, unless otherwise indicated.

Historical cost convention

The Consolidated financial statements have been prepared on a historical cost basis, except the following:

- certain financial assets and liabilities that are measured at fair value; and
- defined benefit plans - plan assets measured at fair value.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023S**Current versus non-current classificationnon:**

The Group presents all its assets and liabilities in the Consolidated balance sheet based on current or non-current classification. Assets and liabilities are classified as current or non-current as per the Group's normal operating cycle and other criteria asset out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

III. SIGNIFICANT ACCOUNTING POLICIES**(a) Revenue from contract with customers**

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

At contract inception, the Group assesses the goods or services promised in a contract with a customer and identify as a performance obligation each promise to transfer to the customer. Revenue is recognised upon transfer of control of promised products or services to customers in an amount of the transaction price that is allocated to that performance obligation and that reflects the consideration which the Group expects to receive in exchange for those products or services.

The Group considers the terms of the contract and its customary business practices to determine the transaction price. The transaction price is the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer net of returns, excluding amounts collected on behalf of third parties (for example, taxes) and excluding discounts and incentives, as specified in the contract with customer.

With respect to sale of products and rendering of certain services, revenue is recognised at a point in time when the performance obligation is satisfied and the customer obtains the control of goods or services. There are no significant financing components involved on contract with customers. Invoices are usually payable within the credit period as agreed with respective customers.

The Group recognises revenue only when it is probable that it will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023**Customer Incentive:**

The Group usually have customer Incentive programs for their customers based on the sales from time to time. The Group grants incentive to only those customers who have qualifying sales, at certain percentage of total transaction made by them during the said periods.

Job Work:

The Group has entered into Job Work arrangements with big OEM's, and products are manufactured on their behalf and accordingly, the revenues from such arrangements have been recorded as part of gross revenue.

Income from export incentives and other operating Income:

Export incentives and subsidies are recognised when there is reasonable assurance that the Group will comply with the conditions attached to them and the incentive will be received. Insurance Claims are accounted to the extent the company is reasonably certain of their ultimate collection

Interest income:

Interest income is recorded on accrual basis.

(b) Property, plant and equipment***Recognition and initial measurement:***

Property, plant and equipment is stated at historical cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are added in the asset's carrying amount/ recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of such item can be measured reliably. All other repairs and maintenance expenses are charged to the standalone statement of profit and loss in the period in which they are incurred. Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the consolidated statement of profit and loss.

Refer Note No. 2 to consolidated Financial Statements.

Capital work-in-progress:

Property, plant and equipment which are not ready for intended use as on the balance sheet date are disclosed as "Capital work-in-progress".

Subsequent measurement (depreciation and useful lives):

Depreciation is provided on a pro-rata basis on the written down value (WDV) method based on estimated useful life prescribed under Schedule II of the Companies Act, 2013. Depreciation of land acquired under finance lease and leasehold improvements is provided

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023

over their respective lease period or estimated useful life whichever is shorter. Residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each Balance Sheet date and any change in them is adjusted prospectively.

Category of asset Useful life

Buildings	30 years
Plant and equipment (inc.Mould)	15 years
Furniture and fixtures	10 years
Office equipment	3 - 5 years
Vehicles	8-10 years

Freehold land is carried at historical cost.

The Group believes that these estimated useful lives and residual values are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Refer Note No. 2 to Consolidated Financial Statements.

De-recognition:

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the Consolidated statement of profit and loss, when the asset is de-recognized.

Intangible assets and Amortisation

Acquired intangible assets are initially measured at cost and subsequently at cost less accumulated amortisation and accumulated impairment loss, if any.

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in profit or loss as incurred.

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method and is included in depreciation and amortisation in the Statement of Profit and Loss.

Intangible assets, if any, are amortised over a period of five years under straight line method.

The amortisation period and the amortisation method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortisation period is changed accordingly.

Intangible assets under development is stated at cost which includes expenses incurred in connection with development of intangible assets in so far as such expenses relate to the period prior to getting the assets ready for use.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023**(c) Government Grants**

Government grants are recognised at their fair values when there is reasonable assurance that the grants will be received and the Group will comply with all the attached conditions. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed or netted off with related expenses. Grants related to purchase of property, plant and equipment are included in non-current liabilities as deferred revenue and are credited to profit or loss on a straight line basis over the expected useful life of the related asset and presented within other operating revenue. Grants that become receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs shall be recognised in profit or loss of the period in which it becomes receivable.

(d) Financial Instruments**A) Financial Assets**

Classification: The Group classifies its financial assets in the following measurement categories depending on the Company's business model for managing such financial assets and the contractual cash flow terms of the asset.

- (i) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- (ii) those subsequently measured at amortized cost.

For assets measured at fair value, gains or losses are either recorded in the statement of profit and loss or other comprehensive income. Investments in debt instruments are classified depending on the business model for managing such investments. The Group re-classifies the debt investments when and only when there is a change in business model for managing those assets. For investments in equity instruments recording of gains or losses shall depend on whether the Group has made an irrevocable election at the time of initial recognition to account for such equity investments at fair value through other comprehensive income.

Measurement: At initial recognition, the Group measures a financial asset (other than those carried at fair value through profit or loss) at its fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the statement of profit and loss as and when they are incurred.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing such debt instruments and the contractual cash flow characteristics of the instrument. There are three measurement categories into which the debt instruments are classified:

- (i) **Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023

gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

- (ii) Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at Fair value through Other Comprehensive Income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gains or losses previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/(losses). Interest income from these financial assets is included in finance income using the effective interest rate method.
- (iii) Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Again or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in statement of profit and loss in the period in which it arises.

Equity instruments: The Group classifies all its equity investments at fair value through profit and loss or at fair value through other comprehensive income basis. Changes in the fair value of financial assets at fair value through profit and loss are recognized in other gains/(losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity instruments measured at FVOCI are not reported separately from other changes in fair value.

Impairment:

The Group assesses the expected credit losses for its financial assets at amortized cost and FVOCI debt instruments. Impairment methodology applied depends on whether there has been a significant increase in credit risk and the loss amount assessed depends upon past events, present conditions and future economic scenario.

In accordance with Ind AS 109: Financial instruments, the Group recognizes impairment loss allowance on trade receivables based on historically observed default rates. Impairment loss allowance recognized during the year is charged to Statement of profit and loss.

De-recognition:

A financial asset is de-recognized when:

- (i) Contractual right to receive cash flows from such financial asset expires;
- (ii) Group transfers the contractual right to receive cash flows from the financial asset; or
- (iii) Group retains the right to receive the contractual cash flows from the financial asset, but assumes a contractual obligation to pay such cash flows to one or more recipients.

Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards associated with the ownership of the financial asset. In such cases,

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023

the financial asset is de-recognized. Where the Group has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognized.

Where the Group has neither transferred nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Group does not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in such financial asset.

B) Financial Liabilities**Classification & Measurement**

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on de-recognition is also recognised in profit or loss.

De-recognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

C) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

D) Impairment of non-financial assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Impairment loss is charged to the Statement of Profit & Loss Account in the year in which an asset is identified as impaired. An impairment loss recognized in the prior accounting periods is reversed if there has been change in the estimates used to determine the assets recoverable amount since the last impairment loss was recognised.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023**(e) Measurement of Fair Values**

A number of the accounting policies and disclosures of the Group require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 - Inputs which are unobservable inputs for the asset or liability.

(f) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit and loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment and amortised over the period of the facility to which it relates.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023

Borrowings are derecognized from the consolidated balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in standalone statement of profit and loss as other gains or (losses).

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

(g) Borrowing costs

Borrowing Costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. It also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs that are directly attributable to the acquisition or construction of qualifying asset are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get itself ready for the intended use.

Transaction Costs in respect of long-term borrowings are amortised over the tenure of respective loans using Effective Interest Rate (EIR) method. Other borrowing costs are recognized as an expense in the period in which they are incurred.

(h) Inventories

Raw materials, packing materials, work-in-progress, stores and spares, finished goods and stock-in-trade are valued at lower of cost and net realizable value. However, materials and other items held for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost.

Cost of inventories comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from the tax authorities), cost of conversion and all other costs incurred in bringing the inventories to their present location and condition. In determining the cost, weighted average cost method is used. In determining the cost of manufactured finished goods and work-in-progress an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and conditions are considered. Fixed production overheads are allocated on the basis of normal capacity of production facilities. Costs of purchased inventory are determined after deducting rebates and discounts.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale. Adequate allowance is made for obsolete and slow moving items.

Refer Note No. 10 to Consolidated Financial Statements.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023**(i) Cash and cash equivalents**

Cash and cash equivalents comprise of cash-on-hand and short-term demand deposits with banks. The Group considers it's highly liquid, short-term investments (having maturity less than three months) which can be readily converted to fixed/determinable amount of money and subject to insignificant risks arising from changes in their fair values, as cash equivalents.

Refer Note No. 12 & 13 to Consolidated Financial Statements.

(j) Foreign currency transactions**Transactions and balances:**

Foreign currency transactions are translated into the functional currency using exchange rates prevailing at the date of the transaction. Foreign exchange gains and losses from settlement of these transactions and from translation of monetary assets and liabilities at the exchange rates prevailing on the balance sheet dates are recognized in the Consolidated statement of profit and loss.

(k) Employee benefits expense**(i) Short term employee benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

(ii) Post-retirement benefits

Post-retirement benefits to employees can either be through defined contribution plans or defined benefit plans. A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions towards Government administered provident fund and pension schemes. The Group recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group operates a Defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. Re-measurements of the net defined benefit liability, which comprise actuarial gains and losses, the effect of the asset ceiling (if any, excluding interest), are recognised in OCI.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023

The Group recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

(i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and (ii) Net interest expense or income

The current and non-current bifurcation is done as per Actuarial report.

Refer Notes 23, 32, 37 and 50 to the Consolidated Financial Statements.

(I) Leases**- Company as a Lessor**

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

- Company as a Lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straightline basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognized as expense in the periods in which they are incurred.

Right-of-Use Assets (ROU Assets)

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The rights of use assets are also subject to impairment. Refer to the accounting policies in Note I.III.6 Impairment of non financial assets.

Extension and termination options are included in many of the leases. In determining the lease term the management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023**Lease Liabilities**

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments) payable during the lease term and under reasonably certain extension options, less any lease incentives;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Short-term Leases and Leases of Low-Value Assets

The Group applies the short-term lease recognition exemption to its short-term leases of Property, Plant & Equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(m) Provisions, contingent liabilities and contingent assets**Provisions:**

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of such obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the obligation at the Balance Sheet date.

Refer Note No. 23 & 32 to consolidated Financial Statements.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023

Contingent liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Refer Note No. 44 to Consolidated Financial Statements.

Contingent assets: Contingent assets are not recognized in the financial statement. However when there is a virtual certainty that an inflow of resources embodying economic benefits will arise from the contingent asset, such asset and the related income is recognized in the period in which the changes occurred.

(n) Income tax

Income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rates with adjustments for changes in deferred tax assets or liabilities attributable to temporary differences and unused tax losses or credits.

Current tax is calculated based on tax laws enacted or substantively enacted at the end of the reporting period.

Deferred tax is recognized on temporary differences arising from the tax bases of assets and liabilities and their respective carrying amounts in the consolidated financial statements at the tax rates and laws that have been enacted or substantively enacted at the Balance Sheet Date.

Deferred Tax Assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized Deferred tax Assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

For items recognized in OCI or equity, deferred/current tax is also recognized in OCI or equity.

Minimum alternate tax ('MAT') credit entitlement is recognized as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the Consolidated statement of profit and loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Current tax assets and tax liabilities are off-setted where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023**(o) Segment reporting**

As per IndAS 108: Operating Segments, the Group has identified the following operating segments:

- (i) Tyre, Rims & Wheel
- (ii) Footwear
- (iii) Hospital Equipments

(p) Events after reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

(q) Earnings per share

Basic earnings per share is computed by dividing the net profit or loss before OCI for the period by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events that have changed the number of outstanding equity shares, without a corresponding change in the resources. For the purpose of calculating diluted earnings per equity share, net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares. As on the balance sheet dates, the Group has no dilutive potential equity shares.

(r) Estimation of uncertainties relating to the Global Health Pandemic from COVID-19 :

The Group has considered internal and certain external sources of information up to the date of approval of the financial statements in determining the impact of COVID-19 pandemic on various elements of its financial statements.

The Group has used the principles of prudence in applying judgements, estimates and assumptions and based on the current estimates, the management expects to fully recover the carrying amount of inventories, trade receivables, investments and other assets. However, the eventual outcome of the impact of the COVID-19 pandemic may be different from those estimated as on the date of approval of these financial statements.

(s) Significant Judgements and Key Sources Of Estimation In Applying Accounting Policies

Information about significant judgements and key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023

- **Recognition of Deferred Tax Assets:**

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits.

- **Useful Lives of Depreciable/Amortisable Assets (Property, Plant and Equipment and Intangible Assets):**

Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to actual normal wear and tear that may change the utility of plant and equipment.

- **Extension and Termination Option in Leases:**

Extension and termination options are included in many of the leases. In determining the lease term, the management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. This assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the Company.

- **Defined Benefit Obligation (DBO):**

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.

- **Provisions and Contingencies:**

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Ind AS - 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgement by management regarding the probability of exposure to potential loss.

- **Impairment of Financial Assets:**

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023**- Allowances for Doubtful Debts:**

The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

- Fair Value Measurement of Financial Instruments:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The input to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

IV. PRINCIPLES OF CONSOLIDATION

The consolidated financial statements which relate to Krypton Industries Limited and its subsidiary company, have been prepared on the following basis -

- i. The financial statements of the Company and its subsidiaries are consolidated by combining like items of assets, liabilities, income and expenditure, after fully eliminating intra group balances, intra group transactions and any unrealised profit/ loss included therein. Deferred tax, if any, has been created on temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions as per Ind AS12: Income Taxes.
- ii. Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the Consolidated Financial Statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the Consolidated Financial Statements to ensure conformity with the group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to the same reporting date as that of the parent Company, i.e., year ended on 31 March.
- iii. With respect to our subsidiary domiciled out of India, assets and liabilities are translated to Indian Rupees at exchange rates prevailing at the reporting period end. Income and expense items are translated at the average exchange rates prevailing during the period; when exchange rates fluctuate significantly the rates prevailing on the transaction date are used instead.

Differences arising on such translation are accumulated in foreign currency translation reserve and attributed to non-controlling interests proportionately.

Notes to Consolidated financial statements as at and for the year ended 31st March, 2023

- iv. The subsidiary companies considered in the financial statements are as follows:

Name	Country Incorporation	% of Ownership of Interest as on March 31, 2022	% of Ownership of Interest as on March 31, 2021
Krypton Europe S.R.O.	Czech Republic	90%	90%

v. **Non-controlling interest**

Non-controlling interest (NCI) are measured at their proportionate share of the acquiree's net identifiable assets as at the date of acquisition. Changes in Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

Notes to Consolidated Financial Statements as at and for the year ended 31st March 2023

2. Property, Plant And Equipment

Summary of cost and net carrying amount of each class of tangible assets are given below:

	Cost		Accumulated Depreciation		Net Carrying Amount	
	31/3/2023	31/03/2022	31/3/2023	31/03/2022	31/3/2023	31/03/2022
	(₹ Thousands)	(₹ Thousands)	(₹ Thousands)	(₹ Thousands)	(₹ Thousands)	(₹ Thousands)
Freehold Land	14,649.18	14,649.18	-	-	14,649.18	14,649.18

Nature and purpose of reserves:

General Reserve

General Reserve has been created out of profits earned by the Group in the previous years. General reserves are free reserves and can be utilised in accordance with the requirements of the Companies Act, 2013.

Securities Premium

Securities Premium is used to record the premium on issue of shares. The reserve is utilized in accordance with the provisions of Section 52 of the Companies Act, 2013

Retained Earnings

Retained Earnings are the profits that the Group has earned till date, less any transfer to general reserves, dividends and other distributions made to the shareholders.

Foreign currency translation reserve (FCTR)

Exchange differences on translating the financial statements of foreign operations

Other Comprehensive Income (OCI)

OCI reserve includes the net gain/loss on fair value of Investments and remeasurements of defined benefits plans.

49. Disclosure pursuant to IND AS-116- Lease

- In accordance with IND AS-116 Right of use assets (ROU Assets) stand at Rs. 3259.55 and a corresponding lease liability of Rs. 3724.39 has been recognised in the Balance Sheet. The changes in the carrying value of right of use assets for the year ended 31st March, 2022 are disclosed in Note 3.
- "In the statement of profit and loss for the current year, rent expenses which was earlier recognised under other expenses is now recognised as depreciation of right of use assets and interest on lease liabilities under finance cost. The adoption of this standard did not have any significant impact on the profit for the year and earnings per share. The total cash outflows for the year ended 31st March, 2022 is Rs. 3280.00 ('000)."

Expenses recognised in Statement of Profit & Loss Account:

Particulars	31/03/2023	31/03/2022
Finance Cost		
Interest Expenses on Lease Liability	688.62	636.93
Depreciation		
Depreciation on ROU Assets	2,613.12	2,059.87

- The weighted average incremental borrowing rate of 11% has been applied to lease liabilities recognised in the balance sheet.
- As per the requirement of Ind AS-107, maturity analysis of lease liabilities have been shown under maturity analysis for financial liabilities under liquidity risk (Refer Note 52).
- The Group does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligation related to lease liabilities as and when they fall due.

Notes to Consolidated Financial Statements as at and for the year ended 31st March 2023
**50 Disclosure in accordance with Ind AS-19 on employee benefits expense
Gratuity and other Post-employment benefits plan:**

The Holding Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service is entitled to Gratuity on terms not less favourable than the provisions of The Payment of Gratuity Act, 1972. The scheme is funded with an insurance company.

The Holding Company also extends benefit of compensated absences to the employees, whereby they are eligible to carry forward their entitlement of earned leave for encashment upon retirement/ separation. This is an unfunded plan.

The following tables summarise the components of net benefit expense recognised in the Statement of Profit and Loss and the funded status and amounts recognised in the Balance Sheet for the Post - retirement benefit plans .

	For the Year ended 31st March, 2023	For the Year ended 31st March, 2022

Notes to Consolidated Financial Statements as at and for the year ended 31st March 2022

- Note i) These investments in Gold are not held for trading. Upon application of IndAS - 109 - Financial Instruments, the Group has chosen to measure the investments in Gold at FVTPL as the management believes that presenting fair value gains and losses relating to these investments in the standalone statement of profit and loss is a proper disclosure by the Company.
- ii) The management assessed that the fair value of cash and cash equivalents, other bank balances, bank deposits, loans to employees, advance to manufacturing units, trade payables and other financial liabilities approximate the carrying amount largely due to short term maturity of these instruments. In relation to Trade Receivables, however, impairment loss based on historically observed default rates has been provided for and carrying of Trade Receivables has been reduced by this amount. For long-term borrowings at fixed/floating rates, management evaluates that their fair value will not be significantly different from the carrying amount.

b. Fair Value hierarchy

The fair value of financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly market between market participants at the measurement date. Methods and assumptions used to estimate the fair values are consistent in all the years. Fair value of financial instruments referred to in note (a) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and lowest priority to unobservable entity specific inputs.

The categories used are as follows:

- Level 1: quoted prices (unadjusted) in active markets for financial instruments
- Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.
- Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

For assets and liabilities which are measured at fair value as at balance sheet date, the classification of fair value by category and level on inputs used is given below:

52 Financial Risk Management Objectives and policies

The Group's financial liabilities comprise borrowings, capital creditors and trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's financial assets include trade and other receivables, cash and cash equivalents, investments and deposits. The Group's also holds investments in Gold and Sovereign Gold Bond..

The Group's has a Risk Management Committee that ensures that risks are identified, measured and managed in accordance with Risk Management Policy of the Company. The Board of Directors also review these risks and related risk management policy.

The market risks, credit risks and Liquidity risks are further explained below:

1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and other price risk, such as commodity price risk and equity price risk. Financial instruments affected by market risk include FVTOCI investments, trade payables, trade receivables, etc.

a. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group exposure to the risk of changes in foreign exchange rates relates primarily to the Group operating activities. Such foreign currency exposures are not hedged by the Group. The Group has a treasury department which monitors the foreign exchange fluctuations on the continuous basis and advises the management of any material adverse effect on the Group.

Foreign Currency Risk:	Year Ended 31/03/2023		Year Ended 31/03/2022	
	(USD '000)	(₹ Thousands)	(USD '000)	(₹ Thousands)
In USD				
Trade Receivables & Advances	47,2630	3,885.82	101,3162	7,680.49
Trade Payables & Advances	195,856	16,102.67	437,474	35,892.69

b. Foreign currency sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in USD/Euro exchange rates, with all other variables held constant. The impact on the Group profit before tax is due to changes in the fair value of monetary assets and liabilities. The Group exposure to foreign currency changes for all other currencies is not material.

Particulars	31.03.2023 Gain /(Loss)	31.03.2022 Gain /(Loss)
INR appreciates by 5%	(610.84)	(1,410.63)
INR Depreciates by 5%	610.84	1,410.63

Notes to Consolidated Financial Statements as at and for the year ended 31st March 2023

c. Commodity Price Sensitivity

The Group's Investment in Gold is susceptible to market price risk arising from uncertainty about future prices of Gold. The following table shows the effect on price changes in Gold Investments.

Particulars	31.03.2023	31.03.2022
	Gain /(Loss)	Gain /(Loss)
Gold Rate appreciates by 5%	40.33	34.61
Gold Depreciates by 5%	(40.33)	(34.61)

2 Liquidity Risk

Liquidity risk is the risk that the Group may not be able to meet its financial obligations as they become due. The Group monitors its risk by determining its liquidity requirement in the short, medium and long term. This is done by drawing up cash forecast for short term and long term needs. The Group manages its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity monitoring future cash flow and liquidity on a regular basis. Surplus funds not immediately required are invested in certain mutual funds and fixed deposit which provide flexibility to liquidate. Besides, it generally has certain undrawn credit facilities which can be used as and when required; such credit facilities are reviewed at regular basis.

a. Maturity analysis for financial liabilities

The following are the remaining contractual maturities of financial liabilities at the reporting date -

Particulars	On demand	0 to 6 Months			Total
		More than 6 months to 1 year	More than 1 year

	25,879.29	97,734.36	10,280.56	49,015.51	1,82,909.71

Notes to Consolidated Financial Statements as at and for the year ended 31st March 2023

3 Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group's is exposed to credit risk from its operating activities (primarily trade receivables).

a. Trade receivables

A significant part of the Group's sales are under the 'cash and carry' model which entails no credit risk. For others, an impairment analysis is performed at each reporting date on an individual basis for all the customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on historical data of credit losses. The Group has evaluated the concentration of risk with respect to trade receivables as low, as its customers are from several industries.

ECL Movement Sheet	
Particulars	Amount (₹000)
Opening Balance of ECL as on April 01, 2022	1,933.55
Add: Created During the Year	2,616.68
Less: Adjusted during the year	1,949.56
Closing balances of ECL as on March 31, 2023	<u>2,600.67</u>

53 Capital Management

The Group's objective when managing capital (defined as net debt and equity) is to safeguard the Group's ability to continue as a going concern in order to provide returns to shareholders and benefit for other stakeholders, while protecting and strengthening the Balance Sheet through the appropriate balance of debt and equity funding. The Group manages its capital structure and makes adjustments to it, in light of changes to economic conditions and strategic objectives of the Group.

- xi. The Group does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

56 Significant Accounting Judgements, Estimates & Assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions, as described below, that affect the reported amounts and the disclosures. The Group's based its assumptions and estimates on parameters available when the financial statements were prepared and are reviewed at each Balance Sheet date. Uncertainty about these assumptions and estimates could result in outcomes that may require a material adjustment to the reported amounts and disclosures. Information about critical judgements in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the financial statements is as follows:

a) Employee benefit plans

The cost of the employment benefit plans and their present value are determined using actuarial valuations which involves making various assumptions that may differ from actual developments in the future. For further details refer Note 50.

b) Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the standalone balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

c) Classification of leases:

Refer note 1.III (l) for details.

d) Recognition of deferred tax assets:

Refer note 1.III (n) for details.

e) Provision for litigations and tax disputes

The likelihood of outcome of litigations and tax disputes are estimated by the management based on past experiences, legal advice, other public information etc. For further details, refer Note 44.

- 57 The Group is periodically monitoring the situation arising due to COVID-19 pandemic considering both internal and external information available upto the date of the approval of these financial statements and has assessed the recoverability of the carrying value of its assets as at 31st March, 2022. Based on the assessment, the Company does not anticipate any material impact on these financial statements.
